Subject: Request for tie-up

Sir

Most respectfully we wish to state that in the wake of the gruesome incident at Ryan Public School Maruti Kunj we would like to step up one of our preventive and safety measures directed towards our valued students.

Sir, our school is situated at **Kharoda, a village** at a distance of almost 12 km. from Sohna. Though we have a dispensary of our own but in case of an emergency we know we have to rush to the nearest place where prompt medical care could be provided. For this reason, we request you for a tie up which would enable us and our students to get medical aid whenever the need arises. In case you have your terms and conditions we are ready to have an elaborate discussion as per your time and convenience.

We request you to consider the matter and apprise us of your decision at the earliest.

Looking forward for your earnest co-operation

Yours sincerely

Principal

(Archana Chaudhary)
